+ PROJECTS

05/2018 - Present ¿Hablas Español?

Personal project

“¿Hablas Español?” is an android travel app. It is a small Spanish dictionary and a helpful tool for those who want to master the Spanish language.

04/2009 Students file

Educational project

A small system application which was part of the “files organization and management” course during my studies. Its purpose was to handle efficiently the students’ data of a school by providing the user with a multiple actions menu. It was written in C and was using a binary file in order to store the students’ data.
